

2.3.1 Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Rani Durgavati University Teaching Department, practice various student centric methods, such as experiential learning, participative learning and problem-solving methodologies for enriching learning experiences. All the science programmes and many of the social science programmes integrate practical courses with adequate experiential practice for the students. They also provide platform for participative learning to the students. Moreover, projects, field-works, seminars, excursions, NSS, NCC etc. inculcate among the students the practice and habit of participative learning and problem-solving methodologies. In all the PG and UG programmes, there is a compulsory project/dissertation course that provides adequate opportunity to the students for incorporating and practicing problem solving methodology.
