

## REMEDIAL COACHING SCHEME

Remedial Coaching Schemes for SC/ST/OBC UGC has facilitated several measures for the academic upliftment and further advancement of SC/ST/OBC students. The popular schemes are: Remedial Coaching; Coaching for NET/SLET etc; and Coaching for Competitive Exams for entry to services (UPSC, PSC, etc).

Rani Durgawati University being located in an area which has substantial number of students, who belong to the target group, holds ample opportunities to steer the objectives of the UGC through such schemes. These coaching schemes have been in operation for several years and have subsequently made efforts to fill the gap between the actual level of knowledge and desired level of knowledge amongst these students. The central focus is to develop a good amount of confidence among the students with regards to their education and choices leading to their employment.

The class room teaching, though primary, is regularly supplemented by group discussions and student initiative activities, thereby leading to the improvement in their presentation skills. Presentation ability not only enhances the leadership qualities but also assists in their overall personality development. Presently subjects like Economics, History, Political Science, Sanskrit, and Sociology are sought after by these students.

The scheme was felicitated by the expertise of senior faculty members of the university . In a nutshell, the best available resources were invited to share their experiences with the beneficiaries of the schemes. To overcome the language barrier an appropriate arrangement and installation needs to be the primary requirement. Further, the students need counselling on issues pertaining to education, employment, hobbies, and contemporary social and ethical issues.

Following have been the coordinators of Remedial Coaching in Rani Durgawati Vishwavidyalaya Prof. Kamlesh Mishra, Prof A.K.Pandey, Prof Vivek Mishr

#### **Outcome:**

Through this effort of the faculty, the slow learners are highly benefitted and are able to understand their lessons in a better way. Remedial teaching is a kind of follow up and it is done after an initial phase of teaching and evaluation. Remedial teaching as a part of curriculum is being done for the sake of slow learners with the aim of improving their understanding ability through easy and simple language exercises. Study materials are specially prepared for them for easier understanding. There was marked improvement in the level of achievement after the rigorous remedial teaching at regular intervals. Weekly two classes were held between 3:10 and 4:00 pm.
