No./Reg./2021/ 134-C

Date: 14/06/2022

**CIRCULAR**

The University has undertaken various measures for energy conservation over the years. These are few of the recent initiatives:

1. We are now replacing conventional tube lights and bulbs with LED lights to conserve the use of electricity in the campus.
2. All staff members are instructed to ensure that all electrical equipment is switched off after use in the classrooms and other facilities. Also, should be educating students about the same.
3. Staff members who use the computer laboratories and the library are also hereby instructed to use electrical appliances judiciously and to switch off computers, lights, ACs and fans after use.
4. All Students /Staff members are requested to register themselves for Urja Saksharta Abhiyan through website - [usha.mp.gov.in](http://usha.mp.gov.in) .

The cooperation of all staff members is required to successfully minimize wastage and to conserve energy.
